SUNDAY SCHOOLS' PICNIC

Programme of Athletic Events That Will Be an Attractive Feature of the Big Outing.

A programme of athletic events for the outing of the Sunday schools of the city has been agreed upon...

The programme begins with a game of base ball, just the thing to whet the young people's appetite for the day's sports.

and First Methodist Episcopal Sunday schools will contest.

The winning players will be treated to ice cream, but for the other athletic events prizes will be offered.

The committee is talking about having a "chasing the pig" contest. This is an amusing spectacle, and if carried out would be second in amusement to no other happening of the day.

Announcement will be made in a few days as to whether or not the committee will carry out this feature.

The excursion train will leave the city station at 3 a. m., returning from the lake at 6 p. m.

FORMER RESIDENT DIES.

Lyman H. Hurd, formerly of Carbondale, Succumbs at Falls Creek.

Lyman H. Hurd, a former Carbondalean, died Monday at Falls Creek, Clearfield county, and was interred yesterday at Pileburg, N. Y.

The deceased was a nephew of G. L. Morse, of this city, and assisted in the details of the latter's business for many years.

Later, Mr. Hurd was a member of the firm of Hurd & Patterson, which controlled a tannery. Mr. Hurd had a wide circle of friends in Carbondale, who held him in high esteem.

Working in Buffalo. Ernest Hick, formerly of this town and Forest City, is now employed as

supervisor of the baking department of the Bailey Catering company, which is furnishing refreshments on the fair grounds to Pan-American exposition visitors.

Mr. Hick is a capable and progressive young man, and his many Carbondale friends are pleased to hear of his good luck in securing such an excellent position.

CHOIR BANQUETED.

Vocalists of St. Rose Church Partake of Hospitality of the Rector.

The members of the choir of St. Rose church last night partook of the hospitality of the rector, Very Rev. T. F. Coffey, V. G., when they enjoyed a banquet in St. Rose hall.

This year's gathering of the vocalists is given by the rector in recognition of the services of the young people, and in arranging for the event nothing is spared that is likely to make the occasion thoroughly enjoyable.

Last night's gathering, therefore, was a repetition of the pleasant affairs that preceded, and the night was keenly enjoyed. The choir rendered several selections, and partook of the delicious luncheon that had been prepared for them.

POOR BOARD TONIGHT.

Doctor Question May or May Not Be Taken Up.

The Carbondale poor board will meet this evening in regular session.

There is one matter of importance that is likely to come up. This is the election of a doctor for the poor farm,

which has been under the head of unfinished business for three or four months. No one knows, though, whether or not it will be taken up. This depends on what the indications are for disposing of the matter for all time, and now these indications are not the brightest. Another important matter is the installation of the sanitary plumbing at the poor house, which has been under discussion for several weeks and was finally set under way at the last meeting.

VISIT OF SUPERVISORS.

Correspondence School Men Enjoy a Trolley Ride.

A half dozen of supervisors of the International Correspondence schools of Scranton were visitors to this city yesterday.

A visit to Carbondale to the district in charge of the energetic representative in this vicinity, A. W. Haslam, was part of the excursion arranged for the recreation of the supervisors, who have been in session in Scranton for several days.

The party embraced the school's workers from all over the country. Two trolley cars were chartered and a ride was enjoyed to Forest City and return. Subsequently the party went to Honesdale and Lake Lodore. While in town the supervisors made their jolly presence known by their yell, which was lustily given at frequent intervals.

THE BASE BALL GAME TODAY

The Defeated Simpsonites Want to Try It Again.

If the weather be favorable today there will likely be a game of base ball at Alumni park between the Crescents, Carbondale's crack team, and the Simpson team.

The Simpson team was defeated earlier in the season by the Crescents, but they have taken courage anew, and will meet them today with a big supply of resolution and determination with them. Unless the arrangements are altered, there will be an interesting game at Alumni park this afternoon.

The Dickson City team for Sunday afternoon. McAndrew and Moran will be the battery. The former is the pitcher whose star promises to shine brightly in the base ball firmament before many seasons.

Pythians Installed.

The following officers of Carbondale lodge No. 102 of Pythians, were installed on Wednesday evening:

Chancellor, Commander, Robert Weir; vice-chancellor, William Barber; prelate, A. J. Bell; master of work, Theodore Sperl, P. C.; keeper of records and seals, twelve months, W. H. Masters, P. C.; master of finances, W. B. Chase, P. C.; master of exchequer, Morgan Thomas, P. C.; master-at-arms, George Schroeder; inner guard, William Coffin; outer guard, Alex. Johnson; trustee, eighteen months, G. R. Van Gorder; delegate to the Grand lodge, Past Chancellor E. J. Thomas.

A Fractured Thigh.

Miss Eugenie Kartegz, who makes her home with her sister, Mrs. Guss Niesen, on South Main street, slipped on a potato peeling on the kitchen floor of the Niesen home on Wednesday, and fell, the fall causing a fracture of the thigh.

Dr. Harper reduced the fracture, but it will be several weeks before Miss Kartegz will be able to be about.

The Fountain Trouble.

There has been a suspension ordered of the work on the park fountain, until it can be decided which plan is the better to follow, the removal of the fountain in front of the park for a few feet to install the meter or to make a new connection from the main pipe.

Vacation Time.

During the month of August the Sunday evening services at Trinity Episcopal church will be discontinued.

There will be but one service each Sunday, that will be read at 10:30 a. m. by the lay readers. Both the rector and the choir will enjoy their vacations next month.

Successful Fisherman.

Perival J. Morris, the Scranton architect, had a successful catch of fish during a few hours' stay at Keop's pond yesterday. One bass, weighing between two and three pounds was the most conspicuous among the good sized string he exhibited.

Home from Hospital.

Anthony McGuire, of Fairview street, who was operated upon at Emergency hospital on June 7 being stricken with appendicitis, was discharged yesterday, relieved of his suffering and on the road to health.

Meetings of Tonight.

Junior Order American Mechanics. Companions of the Forest. American Legion of Honor. Local 84, United Mine Workers. The Royal Circle.

Purchased a New Trotter.

Levi Patterson has just purchased a trotting horse, a splendid animal, that is the admiration of judges of good horses, and who promises to enliven interest among the horsemen in this vicinity who boast of flyers.

Church Repairs.

Workmen are busily engaged these days on the work of renovating at the Presbyterian church, which, when completed, will transform the auditorium into almost a new interior.

Two Births.

Born, Wednesday evening, to Mr. and Mrs. Daniel Kelly, of Woodlawn avenue, a daughter, to Mr. and Mrs. Thomas Gallagher, of Scott street, a son.

Visited at Pleasant Mount.

Druggist Bernard Kelly and daughters, Frances and Helen, were at Pleasant Mount the early part of this week.

In Pittsburg.

Dr. C. T. Meaker is attending the annual meeting of the State Dental society at Pittsburg.

THE PASSING THROUG.

Miss Lucy Phillips, of Binghamton, is spending several days in town.

Miss Pearl Guard, of Forest City, spent yesterday with friends in town.

Miss Florence Baldwin, of Elmira, N. Y., is the guest of Mrs. W. A. Manville.

Misses Alice Harte and Jennie Penwarden are spending the week with friends at Crystal lake.

A SHORT LONG STORY.

The story of disease as Mr. Long tells it is very short. It can be summed up in the three phrases which are chosen for illustration. "A terrible cough," "Could not sleep," "No appetite."

When a man can't eat and can't sleep, he can't live. If he can eat but can't sleep there's madness dogging his steps. But if both sleep and appetite fail him, he is a doomed man unless help comes to him. When these symptoms are associated with "a terrible cough," friends begin to whisper to each other that ominous word consumption.

Mr. Long's Story.

"I cannot speak too highly of Dr. Pierce's Golden Medical Discovery," writes W. S. Long, Esq., of Frankfort, Sussex Co., Del. "After recovering from a spell of pneumonia I was taken with a terrible cough, and nothing seemed to do me any good until I began taking the Golden Medical Discovery. Before I took the medicine I was very weak and nervous, with no appetite, and could not sleep at night, and my friends felt sure that I had consumption. Before taking one bottle my appetite improved greatly and after taking four bottles I was completely cured. I think there is no medicine equal to Dr. Pierce's Golden Medical Discovery, and I gladly recommend it to all similar sufferers."

The case of Mr. Long is typical in its symptoms and typical in its cure. The use of Dr. Pierce's Golden Medical Discovery has resulted in the quick and lasting cure of thousands of cases, when no other treatment has given relief.

Sufferers from bronchitis, or deep seated, obstinate cough, weakened by frequent hemorrhages, enfeebled by failing appetite, and loss of sleep, have found in "Golden Medical Discovery" prompt help and a permanent cure.

Serious Symptoms.

"Last spring I wrote you in regard to my health which at that time was very poor," writes Mrs. Nettie M. Barnes, of Garfield, Kansas. "My trouble was bronchial affection. Symptoms, spitting of blood almost every morning the summer before, shortness of breath, raw and sore throat, loss of strength, at times almost loss of voice, irregular periods—in fact I thought I was surely going into consumption. We lived in Ohio when I consulted you. You advised me to give Dr. Pierce's Golden Medical Discovery a trial, which I did, and with happy results. I got two bottles just before we started for Kansas. I did not feel as if I ever would get there, but we arrived and I used the two bottles of 'Golden Medical Discovery' and health returned as I used the medicine. I have only raised blood three times since I began using it. My periods are regular, strength returned, and I am almost a new person. I have all faith in Dr. Pierce's Discovery. I know of a lady that was cured of consumption by it."

The cures accomplished by "Golden Medical Discovery" are to be attributed simply to a rational method of treatment.

The reason that so many medicines fail to help is because they treat the effect instead of the cause of disease. For example, when sleeplessness is experienced it is common to try all sorts of so-called "nerve medicines." These are in general, narcotic compounds. They do not feed the nerves but drug them into a drowsy numbness. When appetite fails recourse is had to so-called "tonics," a false appetite is created, and food is forced on the feeble stomach. But when nature takes away the appetite or desire for food, it is because the stomach and organs of digestion and nutrition are in no condition to prepare the nutriment for the body, and the false appetite created by "tonics" and stimulants only makes the condition worse by forcing on the stomach food which it is too "weak" to digest or assimilate.

There can be no life without food, hence when

the stomach is weak, and there is no appetite, and friends begin to whisper "consumption," a great many people are induced to use foul fish oils or the modified nastiness of their emulsions. But these being foods must be digested and assimilated before they have any value for the body. They do not deal with the cause of disease but with its effect. For that reason oils and emulsions do not bring permanent results.

The reason why Dr. Pierce's Golden Medical Discovery does cure so many forms of disease, is because so many forms of disease begin in "weak stomach." The stomach is the vital center of the body. It isn't what is eaten but what is assimilated which sustains life. Nervousness is nerve hunger. "Golden Medical Discovery" heals the diseased stomach so that it makes nerve food; the nerves are fed and nervousness ceases. When the stomach is made well and strong the appetite comes back naturally. When food is eaten and digested and assimilated, the whole body is built up into sound health. Consumption is a wasting disease. There can be no consumption to a properly nourished body. "Golden Medical Discovery" cures diseases of the stomach and other organs of digestion and nutrition and so removes the obstruction to the proper nourishment of the body in all its parts.

"A Very Kind Letter."

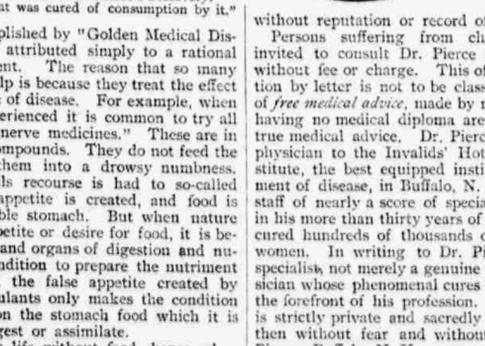

"I was all run down; had no strength; had sharp darting pains all through my head and back almost every day," writes Mrs. Frank Caswell, of Salamanca, N. Y. "I was also troubled with a distressed feeling in the stomach and pain in front of the hip bones. I had a severe cough and it nearly killed me to draw a long breath. I was so sore through my lungs.

"I wrote to Dr. Pierce telling him my symptoms as near as I could. He sent me a very kind letter advising me to try his medicines which I did and before I had taken them a week I was decidedly better. I took two bottles of the 'Golden Medical Discovery' and two of the 'Favorite Prescription,' and am sure I never felt better in my life than when I quit taking them."

There is no alcohol in "Golden Medical Discovery" and it is absolutely free from opium, cocaine and all other narcotics. It is a true temperance medicine.

Do not allow the dealer for the sake of making an excessive profit, to induce you to buy a substitute for "Golden Medical Discovery." If you want to be cured you want the medicine that has cured others and not some so-called "just as good" medicine without reputation or record of

Persons suffering from chronic ailments are invited to consult Dr. Pierce by letter absolutely without fee or charge. This offer of free consultation by letter is not to be classed with those offers of free medical advice, made by men or women, who, having no medical diploma are incapable of giving true medical advice.
